

### Make in India Initiative

Defence sector being a User driven sector, Defence Forces are actively involved in various policies & procedures related to procurement, indigenous design, development & manufacture of defence equipment, co-development & co-production with foreign OEMs, thus contributing towards 'Make in India'. Some of the major areas, where defence personnel are involved, are listed below:

'Make Procedure': 'Make' procedure as given out at Chapter-III of Defence Procurement Procedure (DPP)-2016, envisages involvement of Defence personnel at various stages of development of a defence equipment. The 'Make' projects are identified through a consultative process with involvement of members from Services Head Quarters (SHQs). Project Management Unit (PMU) headed by Service officer, established at SHQs, is responsible for monitoring the implementation of 'Make' projects of respective SHQ. The Integrated Project Management Team (IPMT) mandated to steer the Make project, is also headed by Service Officer. Technology Development Fund (TDF) Scheme: TDF scheme launched by the Government aims at funding the development of defence and dual use technologies that are currently not available with the Indian defence industry, or

have not been developed so far, thus creating an Eco-system for enhancing cutting edge technology capability for Defence application. The scheme envisages constitution of Empowered Committee and Technical Committee with representation from Armed Forces as members, which are involved in identification of technologies, Project Monitoring & Mentoring activities.

'Buy & Make (Indian)' and 'Buy & Make' Categories of Capital Acquisition: 'Buy & Make (Indian)' and 'Buy & Make' categories of capital acquisition under DPP, envisage tie-up between Indian Vendor/ Indian Production Agency & foreign OEM, for indigenous production of defence equipment involving Transfer of Technology (ToT) of critical technologies to promote 'Make in India'. The Defence Personnel are engaged at various stages of procurement to progress the projects categorized in these categories. Army Design Bureau (ADB): SHQ (Army) has established an Army Design Bureau (ADB) in August - 2016 as a single point coordination with Industry & Academia. The mandate of ADB, inter- alia is to act as a central repository of technical know-how, to bring forward the innovation undertaken by field formation, to generate long-term research requirement for Indian Army etc.

### 53 species of medicinal plants are under threatened categories: AYUSH Minister

The Government has taken note of the survey by Botanical Survey of India (BSI) that out of 8,000 medicinal plants, following 53 species are under threatened categories like Critically Endangered, Endangered and Vulnerable.

For conservation and development of medicinal plants in the country, presently the NMPB is implementing Central Sector Scheme for Conservation, Development and Sustainable Management of Medicinal Plants. The Scheme is aimed at providing project based support for survey, inventorization, in-situ conservation through development of Medicinal Plants Conservation and Development Areas (MPCDAs), ex-situ conservation through establishment of herbal gardens, linkage with Joint Forest Management Committees (JFMCs) / Panchayats / Biodiversity Management Committee (BMC) for value addition activities like drying, grading, storage, primary processing and Research & Development etc. Under the above activities specific focus is given for conservation and development of threatened category of medicinal plants.

For promoting the cultivation of natural herbs and medicinal plants in the country, presently, the Ministry of AYUSH, Government of India

is implementing a Centrally Sponsored Scheme of National AYUSH Mission (NAM). Under the NAM Scheme, there is a component on 'Medicinal Plants' which primarily aimed at supporting cultivation of natural herbs and medicinal plants on farmer's land with backward linkages through establishment of nurseries for supply of quality planting material, and forward linkages for post-harvest management.

The cultivation programme is being implemented through the identified implementing agency of concerned state (generally State Agriculture / Horticulture Departments) and the financial assistance is provided as per the State Annual Action Plan approved for concerned State. The financial assistance is provided in the form of subsidy @ 30%, 50% and 75% of cost of cultivation of medicinal plants.

Funds released under Centrally Sponsored Scheme of "National Mission of Medicinal Plants" and for component of Medicinal Plants under Centrally Sponsored Scheme of National AYUSH Mission (NAM) during last three years i.e. 2014-15, 2015-16 and 2016-17 is Rs. 4566.93 lakhs, 2779.8238 lakhs and 4287.097 lakhs respectively. This information was given by the Minister of State (Independent Charge) for AYUSH, Shri Shripad Yesso Naik in written reply to a question in Lok Sabha today.

### Quality standards prescribed in the pharmacopoeias are mandatory for manufacturing of AYUSH drugs: Shri Shripad Naik

As per the provisions of Drugs & Cosmetics Rules, 1945, quality standards prescribed in the pharmacopoeias are mandatory for the manufacturing of AYUSH drugs and the enforcement of these provisions is vested with the State Licensing Authorities/Drug Controllers appointed by the Government. Ayurvedic pharmacopoeia contains 645 monographs of single drugs and 202 monographs of compound formulations (including 24 Asava-Arishta, 12 Arka, 24 Avaleha, 7 Kwath Churna, 17 Guggul, 20 Ghrit, 25 Churna, 37 Tel, 8 Lavan & Kshar, 11 Lepa, 15 Vati-Gutika, 1 Kshar Sutra and 1 Mandoor); Unani Pharmacopoeia contains 298 monographs of single drugs and 150 monographs of compound formulations; Siddha pharmacopoeia contains 139 monographs of single drugs and Homeopathic Pharmacopoeia contains 1117 mono-

graphs. Similarly, Ayurvedic Formulary encompasses 985 standardized formulations, Unani Formulary 1229 standardized formulations and Siddha Formulary contains 399 standardized formulations. The Government has established Pharmacopoeia Commission for Indian Medicine and Homoeopathy (PCIM) under the Ministry of AYUSH to develop and revise the norms of quality standards of Ayurvedic, Siddha, Unani and Homoeopathic drugs and publish them in the form of monographs in respective pharmacopoeias and formularies.

Medicinal Plants are the major resource base of raw materials used in the manufacturing of AYUSH medicines. In order to augment the availability of plant raw materials, agro techniques for cultivation of medicinal plants and Good Agricultural & Collection Prac-

ticals have been developed and financial support is provided to the states for large scale cultivation of medicinal plants under the Centrally Sponsored Scheme of National AYUSH Mission. Through the "Central Sector Scheme on Conservation, Development and Sustainable Management of Medicinal Plants" National Medicinal Plants Board is providing project based support for resource augmentation of medicinal plants in forest areas and for establishment of Herbal Gardens.

Educational & training modules of pharmacy are included in the AYUSH course curricula and qualifications & experience of personnel associated with the manufacturing of Ayurvedic, Siddha and Unani medicines and manufacturing & sale of Homoeopathic medicines are prescribed in the Drugs & Cos-

metics Rules, 1945. Acquisition of valid licence and compliance to quality standards of drugs prescribed in the respective pharmacopoeias and Good Manufacturing Practices is legally mandatory for the drug manufacturers. State Licensing Authorities/Drug Controllers are responsible to enforce these provisions of quality control of AYUSH medicines. Clinical practice of AYUSH is not allowed without registration of the practitioner and the qualifications required for registration of the practitioners are prescribed in the Indian Medicine Central Council Act, 1970 and Homoeopathy Central Council Act, 1973.

This information was given by the Minister of State (Independent Charge) for AYUSH, Shri Shripad Yesso Naik in written reply to a question in Lok Sabha today.

### Shri Thaawarchand Gehlot Inaugurates 'Inclusive Independence Day Celebrations of National Trust'

Shri Thaawarchand Gehlot, Minister for Social Justice and Empowerment inaugurated the 'Inclusive Independence Day celebrations' organised by the National Trust here today. Minister of State for Social Justice & Empowerment Shri Krishna Pal Gurjar also graced the occasion. Smt. Meenakshi Lekhi, Member of Parliament, New Delhi and Shri K K Sharma, Director General, Border Security Force were the Guests of Honour.

Addressing on the occasion, Shri Thaawarchand Gehlot said that his ministry is fully committed to the welfare of Divyangjans and several new schemes and programmes have been initiated during past three years. He said that the categories of Divyangjans have been increased from Seven to Twenty One to cover more Divyangjans. He praised the National Trust for organizing such an Inclusive Independence Day celebrations, as a part of its 'Inclusive India Initiative', an awareness campaign with the participation of around 2500 people from all walks of life along with 500 people with intellectual and developmental disabilities. The Inclusive Independence

Day celebrations is a pan-India effort and similar activities were also conducted at Bangalore, Guntur, Jorhat, Mumbai, Hyderabad, Kolkata, Kanyakumari, Trivendrum, Varanasi, Patna, Raigarh, Ahmadabad, Udaipur, Dhanbad, Bhopal, Bhubaneswar and Hoshiarpur, he added.

### Incentives are given to Farmers for Cultivation of Medicinal Plants: Shripad Naik

The Ministry of Ayurveda, Yoga & Naturopathy, Unani, Siddha and Homoeopathy (AYUSH), Government of India under its Centrally Sponsored Scheme of National AYUSH Mission (NAM) is providing financial assistance as subsidy to farmers to encourage cultivation of herbs/medicinal plants throughout the country.

Under NAM scheme, there is a component on 'Medicinal Plants' which is primarily aimed at supporting cultivation of herbs/medicinal plants on farmer's land with backward linkages through establishment of nurseries for supply of quality planting material, and forward linkages for post-harvest management. Presently, 140 medicinal plants species have been prioritized for supporting cultivation throughout the country for which the subsidy is provided to farmers in following pattern:

(i) 75% subsidy for cultivation of medicinal plants which are highly endangered.
