

## PM launches development projects in Kanyakumari

New Delhi | The Prime Minister, Shri Narendra Modi, today flagged off the Tejas Express between Madurai and Chennai. At a large public function in Kanyakumari, he also laid the Foundation Stone for the restoration of rail connectivity between Rameswaram and Dhanushkodi, and the restoration of the Pamban bridge. The Prime Minister inaugurated some road projects as well.

Addressing the gathering, the Prime Minister said that every Indian is proud that the brave Wing Commander Abhinandan belongs to Tamil Nadu.

He also congratulated the Vivekananda Kendra on being conferred the Gandhi Peace Prize a few days ago. He said the Tejas Express is one of the most modern trains and is a great example of 'Make in India.' He said that the Rameswaram-Dhanushkodi rail line got damaged after the disaster of 1964 but for over fifty years, no attention was paid to this line. Better late than never, he added.

The Prime Minister said as part of the PM Kisan Samman Nidhi, over 1.1 crore farmers

have already got their first instalment in their bank accounts. He said a scheme announced on 1st February has become a reality in the same month itself. We worked 24 hours non-stop to ensure the scheme is rolled out in 24 days, he added. He said in ten years, about 7.5 lakh crore rupees would have been received by hard-working farmers.

The Prime Minister said that people want honesty, development, progress, opportunities and security from the Government. Talking about defence and security, the Prime Minister said that India has been facing the menace of terrorism for years. He said that the big difference now is that India will no longer be helpless in the wake of terror. He said that this is a New India that will return the damage done by terrorists with interest. In matters of defence and national security, we are Indians first and Indians only, the Prime Minister asserted. The Prime Minister also elaborated upon the steps taken by the Union Government against corruption.

## Shripad Naik lays Foundation stone of National Institute of Unani Medicine at Ghaziabad

New Delhi | Union Minister of State (IC) for AYUSH Shri Shripad Yesso Naik laid foundation stone for National Institute of Unani Medicine (NIUM) today at Ghaziabad, Uttar Pradesh in the august presence of Union Minister of State for External Affairs General V. K. Singh.

Addressing the foundation stone laying ceremony, Shri Shripad Yesso Naik informed that the Ministry of AYUSH is establishing the NIUM, Ghaziabad as a part of its commitment towards provision and promotion of quality education, research and healthcare services through Unani Medicine and other AYUSH systems. He further said that this institute would be developed with an approximate cost of Rs. 300.00 crore on 10 acres of land and would be one of the largest institutes of Unani Medicine in Northern India. With a 200 bedded hospital, the institute would cater to the needs of the masses and would have facilities for quality research and education at postgraduate and PhD levels, he added.

In his address, General V. K. Singh extended his gratitude to the Ministry of AYUSH and Government of India for selecting Ghaziabad for the establishment of NIUM. Speaking about Unani Medicine, he said that this system has effective treatment for various diseases especially skin disorders for which other medical systems have very

limited intervention. Earlier in his welcome address, Secretary, Ministry of AYUSH, Vaidya Rajesh Kotecha, said that his has taken various initiatives like NAMASTE-Portal and A-HIMS for harnessing the potentials of Information Technology in the development and promotion of AYUSH systems. He said that the Ministry is committed to develop the NIUM, Ghaziabad as a world class institution of Unani Medicine. He further informed that the Government of India has made threefold increase in the AYUSH budget during the last four years.

Shri Anil Agrawal, Member of Parliament (Rajya Sabha), Shri Vijay Pal Singh Tomar, Member of Parliament (Rajya Sabha), Shri Dharam Singh Saini, State Minister (IC) for AYUSH, Government of Uttar Pradesh, Shri Atul Garg, State Minister, Government of Uttar Pradesh, Shri Sunil Kumar Sharma, MLA, Sahibabad, Shri Ajit Pal Tyagi, MLA, Murad Nagar, Shri Nandkishor, MLA, Loni, Smt. Manju Shiwach, MLA, Modi Nagar, Shri Pramod Kumar Pathak, Additional Secretary, Ministry of AYUSH, Government of India, Dr. Mohd. Tahir, Advisor (Unani), Ministry of AYUSH, Prof. Abdul Wadud, Director, National Institute of Unani Medicine, Bangalore and Dr. M A Qasmi, Joint Advisor (Unani), Ministry of AYUSH graced the occasion.

## Air Marshal R Nambiar PVSM AVSM VM & Bar Assumes the Command of Western Air Command as AOC-in-C

New Delhi | Air Marshal Raghunath Nambiar, PVSM AVSM VM & Bar took over as Air Officer Commanding-in-Chief of Western Air Command, Indian Air Force on 01 March 2019. All the Principal Staff Officers (PSOs) of the Western Air Command along with spouses were present on the occasion. The Air Marshal is an alumnus of National Defence Academy, Khadakvasla. He was commissioned in the Flying Branch of Indian Air Force as a Fighter Pilot on 11 June 1981.

The Air Marshal reviewed a ceremonial Guard of Honour and outlined his vision for the Western Air Command. He exhorted all personnel to work with zeal & enthusiasm so as to enable Western Air Command to fulfill the objectives of the IAF and the Nation at large. The Air Marshal is an Experimental Test Pilot and has flown about 42 types of aircraft. He has the distinction of having the highest number of flying hours to his credit on Mirage-2000 in the IAF, with over 2300 flying hrs on the aircraft and a total of 5100 hrs of flying experience. He is a member of the Society of Experimental Test Pilots and was the Project Test Pilot for the Light Combat Aircraft "Tejas".

The Secretary, Ministry of Rural Development, Shri Amarjeet Sinha visiting the Saras Aajeevika Mela-2019, in New Delhi on March 01, 2019.

## This world is full of opportunities and one must seize them

New Delhi | The Vice President of India, Shri M. Venkaiah Naidu has said that the education we impart in our schools, colleges and universities must lead to self discovery, enlightenment and awakening of an individual. He was addressing the gathering at the Platinum Jubilee Celebrations of Andhra Vidyalaya College of Arts, Science & Commerce, in Hyderabad today. The Minister for Education, Telangana, Shri G. Jagdish Reddy and other dignitaries were present on the occasion. The Vice President said that by 2020, the median age in India will be just 28, compared to 37 in China and the US, 45 in Western Europe, and 49 in Japan. Demographics is a game changer in economic development and can transform the pace and pattern of economic growth, he added.

Shri Naidu said that investing in people through healthcare, quality education, jobs and skills helps build human capital. He further said that though India has made considerable gains in human development, it still

grapples with challenges of illiteracy, big barriers to secondary schooling, low-quality public services, and gender discrimination. It is time for India to pursue a much more aggressive education plan, exploiting the new technology opportunities, he added.

The Vice President said that there should be renewed focus on gender equality and safety of women through gender sensitization and gender sensitization must begin at the home, schools and colleges. He urged the institution to do everything in its power to encourage more and more young women to avail opportunities of higher education.

Saying that even when jobs are available, candidates with the right skill set that fit the job are not available, the Vice President suggested to tackle this issue with the Pradhan Mantri Kaushal Vikas Yojna 2.0 which has been launched in October 2016 and aims to train 10 Million Youth over a period of 4 years.

Advising to pay attention to equity in access to education, the Vice President

said that women and girls, Scheduled Castes and Tribes, differently-abled and minority groups need to have a barrier free and equitable access to higher education.

Quoting Swami Vivekananda's exhortation a hundred years ago - "Awake, arise and stop not till your goal is reached", Shri Naidu said that this world is full of opportunities and one must seize them.

"I am delighted to participate in the Platinum Jubilee Celebrations of Andhra Vidyalaya College of Arts, Science & Commerce, in Hyderabad today. Completion of 70 years is an important milestone in the journey of any institution. This journey of seven decades stands testament to the institution's unwavering commitment to the cause of providing quality education.

I was informed that the A.V. Education Society was established in the year 1944, with an objective of extending educational opportunities to backward sections of the region. The society started A. V. College in 1968 to provide

Under Graduate education to students in the region and later expanded to provide Post Graduate education.

In the last seven decades, the institution has produced many eminent Indians who have been doing great service to this country. It is noteworthy that many of its alumni are holding top positions in a number of organizations in India and abroad.

I am happy to know that Justice Subhash Reddy, Judge of the High Court of A.P; Capt. K. Usha, first woman Army Officer; Pallela Gopi Chand, National Coach, Badminton; Gagan Narang, Olympian and Champion Shooter and several other achievers and successful professionals are alumni of this great institution.

It is heartening to note that in its vision statement, the institution envisages the empowerment of individuals through the pursuit of excellence.

By 2020, the median age in India will be just 28, compared to 37 in China and the US, 45 in Western Europe, and 49 in Japan.

## PM's address after launch of development projects in Kanyakumari

New Delhi | I am delighted to be here in Kanyakumari. I begin by paying homage to respected Amma, Jayalalithaa Ji.

Her good work for the people of Tamil Nadu will be remembered for generations. I am happy that the Tamil Nadu government is working hard to fulfill her development vision. I am proud that India's first woman Defence Minister Nirmala Ji is from Tamil Nadu. Every Indian is proud that the brave Wing Commander Abhinandan belongs to Tamil Nadu.

I would also like to congratulate the Vivekananda Kendra on being conferred the Gandhi Peace Prize a few days ago. The community service efforts of the Kendra are commendable and inspiring. A short while ago, we inaugurated and laid the foundation stone for several development works related to roads, railways and highways. I have flagged off the fastest train, Tejas between Madurai and Chennai. This is one of the most modern trains and is a great example of 'Make in India' having been manufactured in the Integral Coach Factory of Chennai itself. The foundation stone of a railway line between Rameswaram and Dhanushkodi has also been laid today. This line got damaged after the disaster of 1964 but for over fifty years, no attention was paid to this line.

You would be happy that the new Pamban rail bridge

is going to be constructed now. Today India is the fastest growing large economy in the world. India is creating next generation infrastructure at a record pace. We are among the nations with the largest start-up eco-system. India is also home to the largest healthcare programme in the world- Ayushman Bharat. India of the 21st century has to work with speed and scale, which is what the NDA Government is doing. Just last Sunday, the Pradhan Mantri Kisan Samman Nidhi that was announced in this year's Budget was launched.

Under this scheme, farmers having up to five acres of land would be given a monetary support of six thousand rupees per year from the Central Government in three instalments. Over 1.1 crore farmers have already got their first instalment directly in their bank accounts. Can you imagine, a scheme announced on first February has become a reality in the same month itself. We worked twenty-four hours non-stop to ensure the scheme is rolled out in twenty-four days.

Like leap years and Football world cups come once in four years, incomplete loan waivers of the Congress come just before an election. After doing nothing for farmers, they will come at the end and say- we will waive off your loans. In reality, Congress loan waivers benefit few farmers. NDA government's Kisan Samman Nidhi is not a

once in a few years scheme. Benefits will be given every year and in ten years, about 7.5 lakh crore rupees would have gone to hard-working farmers.

When a government works with speed and scale, it clearly shows. The great sage Tiruvalluvar said "When the rare chance comes, seize it to do the rare deed." In 2014, it was after thirty years that a Party got a full majority in the Parliament. The people's message was clear- they wanted a Government that takes the lead in taking and bold and tough decisions.

Guided by 'Sabka Saath, Sabka Vikas' and with the active participation of 130 crore Indians, the NDA government has undertaken some of the most historic decisions in national interest. Let me give you a few local and national examples. Tamil Nadu is a coastal state, where the fisheries sector is vibrant. Several of our fishermen brothers and sisters work hard to earn their living. It is the NDA government that has had the honour of creating a new department for fisheries. Previous governments came to take your votes but when it came to doing work for fishermen, they had nothing much to show. The benefits of Kisan Credit Card have also been launched for our fishermen and women. The Centre has released over Rupees three hundred crores towards construction of Deep Sea Fishing Vessels in Tamil Nadu.

Fishermen in the sea get help from space. We have provided Navic devices developed with the help of Indian Space Research Organization. This device provides information in local language. This navigation device not only provides details of fishing zones but also provides weather related warnings to the fishermen.

We understand that if we want to increase the income of Fishermen brothers and sisters, then we have to develop infrastructure associated with fisheries. The construction works of Mukayur Fishing Harbour in Ramanathapuram district and Pumphur Fishing Harbour in Nagapattinam are almost completed. The Government of India is most sensitive to the safety and well-being of fishermen.

Due to sustained diplomatic efforts, since May 2014, more than nineteen hundred fishermen have been released by Sri Lankan authorities. NDA government has put renewed focus on our coastal areas, with stress on connectivity and prosperity. Going a step ahead of port development, we are working on port-led development.

The capacity and efficiency of existing ports are being improved. The Sagarmala project is also a part of our vision. Work is being carried out on this project keeping in view the needs of not only the present but also future generations.

## 36 Hour Smart India Hackathon 2019 Grand Finale

New Delhi | Department for Promotion of Industry and Internal Trade (DPIIT), Ministry of Commerce & Industry, today announced that the Smart India Hackathon (SIH) 2019 - Software edition, Grand Finale is to be held on March 2 & 3, 2019 at 49 different centers simultaneously across

India where more than 34,000 ideas will be evaluated.

Launched on Aug 29, 2018 in New Delhi, Smart India Hackathon 2019, harnesses creativity and expertise of students, builds funnel for 'Startup India' campaign, crowd sources solutions for improving governance and quality of life.

## Index of Eight Core Industries (Base: 2011-12=100) January, 2019

New Delhi | 1. The summary of the Index of Eight Core Industries (base: 2011-12) is given at the Annexure.

2. The Eight Core Industries comprise 40.27 per cent of the weight of items included in the Index of Industrial Production (IIP). The combined Index of Eight Core Industries stood at 134.8 in January, 2019, which was 1.8 per cent higher as compared to the index of January, 2018. Its cumulative growth during April to January, 2018-19 was 4.5 per cent.

3. Coal production (weight: 10.33 per cent) increased by 1.7 per cent in January, 2019 over January, 2018. Its cumulative index increased by 7.1 per cent during April to January, 2018-19 over corresponding period of the previous year.

4. Crude Oil production (weight: 8.98 per cent) declined by 4.3 per cent in January, 2019 over January, 2018. Its cumulative index declined by 3.8 per cent during April to January, 2018-19 over the corresponding period of previous year.

5. The Natural Gas production (weight: 6.88 per cent) increased by 6.2 per cent in January, 2019 over January, 2018. Its cumulative index increased by 0.5 per cent during April to January, 2018-19 over the corresponding period of previous year.

6. Petroleum Refinery production (weight: 28.04 per cent) declined by 2.6 per cent in January, 2019 over January, 2018. Its cumulative index increased by 3.4 per cent during April to January, 2018-19 over the

corresponding period of previous year.

7. Fertilizers production (weight: 2.63 per cent) increased by 10.5 per cent in January, 2019 over January, 2018. Its cumulative index declined by 0.3 per cent during April to January, 2018-19 over the corresponding period of previous year.

8. Steel production (weight: 17.92 per cent) increased by 8.2 per cent in January, 2019 over January, 2018. Its cumulative index increased by 5.0 per cent during April to January, 2018-19 over the corresponding period of previous year.

9. Cement production (weight: 5.37 per cent) increased by 11.0 per cent in January, 2019 over January, 2018. Its cumulative index increased by 13.6 per cent during April to January, 2018-19 over the corresponding period of previous year.

10. Electricity generation (weight: 19.85 per cent) declined by 0.4 per cent in January, 2019 over January, 2018. Its cumulative index increased by 5.7 per cent during April to January, 2018-19 over the corresponding period of previous year.

Note 1: Data for November, 2018, December, 2018 and January, 2019 are provisional.

Note 2: Since April, 2014, Electricity generation data from Renewable sources are also included. Note 3: The industry-wise weights indicated above are individual industry weight derived from IIP and blown up on pro rata basis to a combined weight of ICI equal to 100.

### Public Notice

Notice is hereby given that at the time of incorporation of FCRI Technology (India) LLP due to error/technical reasons the state was selected as Dadra and Nagar Haveli instead of Gujarat and to rectify the error and as required under U/s. 13 of the Limited Liability Partnership Act, 2008 a notice will be sent to the Registrar by FCRI Technology (India) LLP for seeking change of its registered office from Office No. 807, Safal Prelude, Opp. Collection Trading Centre, Corporate Road, Prahladnagar Ahmedabad 380015, state of Dadra & Nagar Haveli to B-1101, West Gate, Nr.
